

Manel Leiva

Senior Product Designer

SUMMARY

Senior Product Designer with 15 years designing complex B2B products.

Designed the data configuration layer and modeling syntax of an FP&A platform, and an AI agent for sales compensation data released to all customers.

Built two production design systems from scratch, including a design token pipeline from Figma to a published npm package.

Barcelona

EXPERIENCE

Senior Product Designer

Remuner

May 2024 - Mar 2026 · Barcelona, hybrid

Sole designer at a sales compensation platform; owned product design and the design system across the full product surface.

Designed and shipped an AI agent, a chat panel plus embedded in-app answers where sales reps and managers consult their commission data, sales plans, and team info; released to all customers.

Built the component library and token pipeline from scratch: Token Studio to Style Dictionary to npm, with CI validation and the W3C token format.

Senior Product Designer

Abacum

Jan 2022 - Apr 2024 · Barcelona, hybrid

Designed the Dataset Manager, a UI layer over JSON dataset configuration that let finance teams configure their data without engineering support.

Standardised formula syntax across the modeling layer from competitor benchmarking and customer call evidence; made the syntax decisions together with an engineer.

Built the Abax design system alongside product work: two-tier token architecture and a Token Studio to Style Dictionary to npm pipeline, adopted across five squads.

Senior UX Designer & Co-founder

Kings of Mambo

Sep 2010 - Nov 2021 · Barcelona, hybrid

Co-founded and led a UX studio for 11 years; end-to-end product design for clients in media, retail, finance, legal, and culture.

Taught UX and digital design at postgraduate level.

SKILLS

Design: Figma, Figma Make, Token Studio, Storybook, Chromatic

Systems: Design tokens, Style Dictionary, component architecture, ESLint adoption rules

Prototyping: Figma Make (Claude-powered), high-fidelity interaction design

Research: Structured user testing, synthesis, Jobs to Be Done

Collaboration: Cross-functional facilitation, engineering alignment, stakeholder presentations

Tools: GitHub, npm, VSCode, Vercel

EDUCATION

Higher National Diploma in Computing Design and Multimedia

ESI (Escuela de Sistemas Informáticos)

2002
