

# Manel Leiva

## Staff Product Designer

### SUMMARY

Product designer with 15 years on complex B2B products, most recently the sole designer at a sales compensation platform.

Designed and shipped an AI agent released to all customers, and the data configuration layer of an FP&A platform.

Built two production design systems from scratch, including the token pipeline from Figma to a published npm package.

### EXPERIENCE

#### Senior Product Designer

Remuner

May 2024 - Mar 2026 · Barcelona, hybrid

Designed and shipped an AI agent, a chat panel plus embedded in-app answers where sales reps and managers consult their commission data, sales plans, and team info; released to all customers.

Sole designer at a sales compensation platform; owned product design and the design system across the full product surface.

Built the component library and token pipeline from scratch by writing briefs an AI coding agent implemented step by step; engineers reviewed and merged the work.

#### Senior Product Designer

Abacum

Jan 2022 - Apr 2024 · Barcelona, hybrid

Designed the Dataset Manager, a UI layer over JSON dataset configuration that let finance teams configure their data without engineering support.

Standardised formula syntax across the modeling layer from competitor benchmarking and customer call evidence; made the syntax decisions together with an engineer.

First designer on the integrations squad, then the engine squad; co-led the design system business case with the head of design and presented it to engineering leadership.

## Senior UX Designer & Co-founder

Kings of Mambo

Sep 2010 - Nov 2021 · Barcelona, hybrid

Co-founded and led a UX studio for 11 years; end-to-end product design for clients in media, retail, finance, legal, and culture.

Taught UX and digital design at postgraduate level.

### SKILLS

**Design:** Figma, Figma Make, Token Studio, Storybook, Chromatic

**Prototyping:** Figma Make (Claude-powered), high-fidelity interaction design

**Research:** Structured user testing, synthesis, Jobs to Be Done

**Systems:** Design tokens, Style Dictionary, component architecture, ESLint adoption rules

**Collaboration:** Cross-functional facilitation, engineering alignment, stakeholder presentations

**Tools:** GitHub, npm, VSCode, Vercel

### EDUCATION

**Higher National Diploma in Computing Design and Multimedia**

ESI (Escuela de Sistemas Informáticos)

2002
